This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

DEPARTMENT OF COMMERCE AND LABOR.

OFFICIAL DUTIES—BUREAUS AND DIVISIONS.

SECRETARY OF COMMERCE AND LABOR.

The Secretary of Commerce and Labor is charged with the work of promoting the commerce of the United States, and its mining, manufacturing, shipping, fishery, transportation, and labor interests. His duties also comprise the investigation of the organization and management of corporations (excepting railroads) engaged in interstate commerce; the gathering and publication of information regarding labor interests and labor controversies in this and other countries; the administration of the Light-House Service, and the aid and protection to shipping thereby; the taking of the census, and the collection and publication of statistical information connected therewith; the making of coast and geodetic surveys; the collecting of statistics relating to foreign and domestic commerce; the inspection of steamboats, and the enforcement of laws relating thereto for the protection of life and property; the supervision of the fisheries as administered by the Federal Government; the supervision and control of the Alaskan fur-seal, salmon, and other fisheries; the jurisdiction over merchant vessels, their registry, licensing, measurement, entry, clearance, transfers, movement of their cargoes and passengers, and laws relating thereto, and to seamen of the United States; the supervision of the immigration of aliens, and the enforcement of the laws relating thereto, and to the exclusion of Chinese; the custody, construction, maintenance, and application of standards of weights and measurements; and the gathering and supplying of information regarding industries and markets for the fostering of manufacturing. He has power to call upon other Departments for statistical data obtained by them.

For the proper accomplishment of any or all of the aforesaid work, it is by law provided that all duties performed, and all the powers and authority possessed or exercised, at the date of the creation of said Department, by the head of any Executive Department in and over any bureau, office, officer, board, branch, or division of the public service transferred to said Department, or any business arising therefrom or pertaining thereto, or in relation to the duties and authority conferred by law upon such bureau, office, officer, board, branch, or division of the public service, whether of appellate or advisory character or otherwise, are vested in and exercised by the Secretary of Commerce and Labor.

It is his further duty to make such special investigations and furnish such information to the President or Congress as may be required by them on the foregoing subject matters and to make annual reports to Congress upon the work of said Department.

CHIEF CLERK.

The chief clerk, under the immediate direction of the Secretary, has the superintendency of all buildings occupied by the Department in Washington, D. C.; the direction of the watchmen, engineers, mechanics, firemen, laborers, and other employees connected with the care and protection of the Department buildings; the care of the horses, wagons, and carriages employed; the expenditure of the appropriations for contingent expenses and rents; the receipt, distribution, and transmission of the mail; the custody of the records and files of the Secretary's Office; and the charge of all business of the Secretary's Office unassigned.

Digitized by Google

DISBURSING CLERK.

The disbursing clerk is charged by the Secretary of Commerce and Labor with the duty of preparing all requisitions for the advance of public funds from appropriations for the Department of Commerce and Labor to disbursing clerks, special disbursing agents, and officers of the Light-House Establishment charged with the disbursement of public funds; the keeping of appropriation ledgers relating to the advance and expenditure of three hundred and twenty-five items of appropriations; the administrative examination required by the Department of all accounts submitted by bureau disbursing officers and agents. He has charge of the issuing, recording, and accounting for Government requests for transportation issued to officers of the Department for official travel; the audit and payment of all vouchers and accounts submitted from the Office of the Secretary of Commerce and Labor, the Bureaus of Corporations, Manufactures, Labor, Light-House Board, Statistics, Office of the Supervising Inspector-General, Steamboat Inspection Service, Steamboat Inspection Service at Large, Navigation, Immigration and Naturalization, Immigration Service at Large, Standards, and Fisheries, and the general accounting of the Department.

DIVISION OF APPOINTMENTS.

The chief of the division of appointments is charged by the Secretary with the supervision of all matters relating to appointments, transfers, promotions, reductions, and removals, including applications for, and recommendations concerning the same, and the correspondence connected therewith; the consideration of applications for leave of absence of clerks and employees in the District of Columbia; the preparation and submission of all questions affecting the personnel of the Department in its relation to the civil service law and rules; the preparation of nominations sent to the Senate and of the commissions and appointments of all officers and employees of the Department; the preparation of official bonds; the compilation of matter for the Official Register and other statistics in regard to the personnel, and the custody of oaths of office, records pertaining to official bonds, service records of officers and employees, the correspondence and reports relating to the personnel, the reports of Bureau officers respecting the efficiency of employees, and the records relating to leaves of absence.

DIVISION OF PRINTING.

The chief of the division of printing is charged by the Secretary of Commerce and Labor with the conduct of all business the Department transacts with the Government Printing Office, excepting that of the Bureau of the Census; the general supervision of printing, including the editing and preparation of copy, illustrating, and binding, and the distribution of all publications issued by the Office of the Secretary. All blank books and blank forms, and the printed stationery of all kinds used by the bureaus and offices of the Department in Washington and the various outside services of the Department are in his custody and are supplied by him. The advertising done by the Department is in his charge. He also keeps a record of all expenditures for the publishing work of the Department, conducts the correspondence it entails, and is a member of the Department's advisory committee on printing.

DIVISION OF SUPPLIES.

Under the direction of the chief clerk, the chief of the division of supplies has personal supervision of all the work incident to the purchase and distribution of supplies for the Department proper and for the services of the Department outside of Washington, and of the keeping of detailed accounts of all expenditures from the appropriation for contingent expenses of the Department. He receives, verifies, and preserves the semi-annual returns of property from the offices and bureaus of the Department which are supplied from the contingent appropriation, and examines and reports on the semi-annual property returns of all other bureaus and services.

BUREAU OF CORPORATIONS.

The Bureau of Corporations is authorized, under the direction of the Secretary of Commerce and Labor, to investigate the organization, conduct, and management of the business of any corporation, joint stock company, or corporate combination engaged in interstate or foreign commerce, except common carriers subject to the interstate-commerce act; to gather such information and data as will enable the President to make recommendation to Congress for legislation for the regulation of interstate and foreign commerce; to report the data so collected to the President from time to time as he may require, and to make public such part of said information as the President may direct.

It is also the duty of the Bureau of Corporations, under the direction of the Secretary of Commerce and Labor, to gather, compile, publish, and supply useful information concerning corporations engaged in interstate or foreign commerce, including corporations engaged in insurance.

BUREAU OF MANUFACTURES.

It is the province and duty of the Bureau of Manufactures, under the direction of the Secretary, to foster, promote, and develop the various manufacturing industries of the United States, and markets for the same at home and abroad, by gathering and publishing all available and useful information concerning such industries and markets, and, through the Secretary of State, to gather and compile from the reports of consular officers and commercial agents such valuable and material information as will accomplish the objects above set forth.

The Bureau publishes daily and monthly the reports received from United States consuls and special agents of the Department, and special reports on various subjects made by consuls from time to time; also, the annual reports of consular officers laid before Congress, entitled "Commercial Relations of the United States."

BUREAU OF LABOR.

The Bureau of Labor is charged with the duty of acquiring and diffusing among the people of the United States useful information on subjects connected with labor in the most general and comprehensive sense of that word, and especially upon its relations to capital, the hours of labor, the earnings of laboring men and women, and the means of promoting their material, social, intellectual, and moral prosperity.

It is especially charged to investigate the causes of and facts relating to all controversies and disputes between employers and employees as they may occur, and which may happen to interfere with the welfare of the people of the several states.

It is also authorized, by act of March 2, 1895, to publish a bulletin on the condition of labor in this and other countries, condensations of state and foreign labor reports, facts as to conditions of employment, and such other facts as may be deemed of value to the industrial interests of the United States. This bulletin is issued every other month.

By section 76 of an act to provide a government for the Territory of Hawaii, approved April 30, 1900, it is made the duty of the Bureau to collect and present in annual reports statistical details relating to all departments of labor in the Territory of Hawaii, especially those statistics which relate to the commercial, industrial, social, educational, and sanitary condition of the laboring classes.

LIGHT-HOUSE BOARD.

The Light-House Board has charge, under the superintendence of the Secretary of Commerce and Labor, of all administrative duties relating to the construction and maintenance of light-houses, light-vessels, light-house depots, beacons, fog signals, buoys, and their appendages, and has charge of all records and property appertaining to the Light-House Establishment.

BUREAU OF THE CENSUS.

The Bureau of the Census is charged with the duty of taking the decennial censuses of the United States and of collecting such special statistics as are required by Congress, including the collection in 1905, and every ten years thereafter, of the statistics of manufacturing establishments conducted under the factory system, the collection, every five years, of statistics of electrical industries, and the collection annually of statistics of births and deaths in registration areas, statistics of the cotton production of the country as returned by the ginners, the consumption of cotton, and (by transfer from the Bureau of Labor) statistics of cities of 30,000 or more inhabitants.

The Bureau also compiles and publishes the Official Register of persons in the civil, military, and naval service of the United States.

COAST AND GEODETIC SURVEY.

The Coast and Geodetic Survey is charged with the survey of the coasts of the United States and coasts under the jurisdiction thereof and the publication of charts covering said coasts. This includes base measure, triangulation, topography, and hydrography along said coasts; the survey of rivers to the head of tide-water or ship navigation; deep-sea soundings, temperature, and current observations along said coasts and throughout the Gulf and Japan streams; magnetic observations and researches, and the publication of maps showing the variations of terrestrial magnetism; gravity research; determination of heights; the determination of geographic positions by astronomic observations for latitude, longitude, and azimuth, and by triangulation, to furnish reference points for state surveys.

The results obtained are published in annual reports, and in special publications; charts upon various scales, including sailing charts, general charts of the coast, and harbor charts; tide tables issued annually, in advance; Coast Pilots, with sailing directions covering the navigable waters; Notices to Mariners, issued monthly and containing current information necessary for safe navigation; catalogues of charts and publications, and such other special publications as may be required to carry out the organic law governing the survey.

BUREAU OF STATISTICS.

The Bureau of Statistics collects and publishes the statistics of our foreign commerce, embracing tables showing the imports and exports, respectively, by countries and customs districts; the transit trade inward and outward by countries and by customs districts; imported commodities warehoused, withdrawn from, and remaining in warehouse; the imports of merchandise entered for consumption, showing quantity, value, rates of duty, and amounts of duty collected on each article or class of articles; the inward and outward movement of tonnage in our foreign trade and the countries whence entered and for which cleared, distinguishing the nationalities of the foreign vessels.

The Bureau also collects and publishes information in regard to the leading commercial movements in our internal commerce, among which are the commerce of the Great Lakes; the commercial movements between interior centers, at Atlantic, Gulf, and Pacific seaports; shipments of coal and coke; ocean freight rates, etc.; and is also charged with the duty of collecting and publishing information in regard to the tariffs of foreign countries.

STEAMBOAT INSPECTION SERVICE.

The Steamboat Inspection Service is charged with the duty of inspecting steam vessels, the licensing of the officers of vessels, and the administration of the laws relating to such vessels and their officers for the protection of life and property.

Digitized by Google

The Supervising Inspector-General and the supervising inspectors constitute a board that meets annually at Washington, and establishes regulations for carrying out the provisions of the steamboat inspection laws.

BUREAU OF FISHERIES.

The work of the Bureau of Fisheries comprises (1) the propagation of useful food fishes, including lobsters, oysters, and other shellfish, and their distribution to suitable waters; (2) the inquiry into the causes of decrease of food fishes in the lakes, rivers, and coast waters of the United States, the study of the waters of the coast and interior in the interest of fish culture, and the investigation of the fishing grounds of the Atlantic, Gulf, and Pacific coasts, with the view of determining their food resources and the development of the commercial fisheries; (3) the collection and compilation of the statistics of the fisheries and the study of their methods and relations.

BUREAU OF NAVIGATION.

The Bureau of Navigation is charged with general superintendence of the commercial marine and merchant seamen of the United States, except so far as supervision is lodged with other officers of the Government. It is specially charged with the decision of all questions relating to the issue of registers, enrollments, and licenses of vessels and the filing of those documents, with the supervision of laws relating to the admeasurement, letters, and numbers of vessels, and with the final decision of questions concerning the collection and refund of tonnage taxes. It is empowered to change the names of vessels, prepares annually a list of vessels of the United States, and reports annually to the Secretary of Commerce and Labor the operations of the laws relative to navigation.

BUREAU OF IMMIGRATION AND NATURALIZATION.

The Bureau of Immigration and Naturalization is charged with the administration of the laws relating to immigration and of the Chinese exclusion laws; also the naturalization laws. It supervises all expenditures under the appropriations for "Expenses of regulating immigration," "Enforcement of the Chinese exclusion act," and "Enforcement of the naturalization laws." It causes alleged violations of the immigration, Chinese exclusion, and alien contract-labor laws to be investigated, and when prosecution is deemed advisable submits evidence for that purpose to the proper United States district attorney. It also has charge of distributing information to arriving aliens regarding desirable places of settlement, etc.

BUREAU OF STANDARDS.

The functions of the Bureau of Standards are as follows: The custody of the standards; the comparison of the standards used in scientific investigations, engineering, manufacturing, commerce, and educational institutions with the standards adopted or recognized by the Government; the construction, when necessary, of standards, their multiples and subdivisions; the testing and calibration of standard measuring apparatus; the solution of problems which arise in connection with standards; the determination of physical constants and properties of materials, when such data are of great importance to scientific or manufacturing interests and are not to be obtained of sufficient accuracy elsewhere. The Bureau is authorized to exercise its functions for the Government of the United States, for any state or municipal government within the United States, or for any scientific society, educational institution, firm, corporation, or individual within the United States engaged in manufacturing or other pursuits requiring the use of standards or standard measuring instruments. For all comparisons, calibrations, tests, or investigations, except those performed for the Government of the United States or state governments, a reasonable fee will be charged.

EMPLOYMENTS BY SUBORDINATE OFFICIALS UNDER GENERAL AUTHORITY OF THE SECRETARY.

Keepers of post lights in the Light-House Service are employed by the light-house inspectors. As a rule, the pay of these positions is small, and it is usually necessary to select some one who owns the property on which the light is located or who lives conveniently near.

Crews of vessels in the Light-House Establishment (except masters, mates, pilots, engineers, and assistant engineers, who are appointed by the Secretary) are engaged under the direction of the light-house inspectors.

Temporary laborers and mechanics in the Light-House Establishment are engaged under the direction of the light-house engineers.

Special agents engaged in the collection of statistics for the Bureau of the Census are appointed by the Director of the Census, by direction of the Secretary.

In the Coast and Geodetic Survey crews of vessels are enlisted under regulations approved by the Department, and foremen, rodmen, chainmen, cooks, laborers, mechanics, etc., are employed by chiefs of field parties in such number and at such rates of compensation as shall be approved by the Superintendent of the Survey, also under departmental regulation.

Persons temporarily employed in connection with the field operations of the Bureau of Fisheries are employed under the direction of the Commissioner of Fish and Fisheries.

Temporary interpreters, guards, and watchmen in the immigration service are employed in emergencies by officers in charge of the various posts under the direction of the Commissioner-General of Immigration.
